

**CROSS-CONTINENT FLIGHT DESCRIBED BY WOMAN**

Rotarians Plan Banquet Here Monday Night to 23 Honor Clubs of 34th District.

In a graphic description of her recent trip across the continent in an airplane, when she flew under the auspices of the air mail service, Miss Lillian Gatlin, presented greetings from San Francisco Rotarians to

members of the local Rotary Club at their meeting in the New Willard Hotel yesterday afternoon. She related her experiences and sensations while in the air, spoke in glowing terms of the future of heavier-than-air machines and was tendered a rising vote of thanks.

The committee in charge of arrangements for the banquet to be given by the club to the twenty-three member clubs in the thirty-fourth district of Rotary, at which many officials of International Rotary will be present, outlined the details of the entertainment, which will be held at Hauscher's Monday night. The meeting is expected to be one of the most important of its kind ever held in

Washington.

Clark Griffith, president of the Washington Base Ball Club, was presented with photographs of the activities of the Boys' Club of Washington by Robert Shaw, in appreciation of his turning over the proceeds of a game to the boys' club.

Extension of limitation of membership to include classification of chemical and dyeing business and funeral directors was favorably acted upon by the club.

On the motion of Frank Weller, the organization voted to extend hospitality and assistance to the visiting Shriners during the national session here next June. William Knowles Cooper presided.

**D. C. RED CROSS ASKS FOR \$45,000**

Chapter Announces Sum Absolutely Needed for the Coming Year.

**DANGER OF DEFICIT SEEN**

Chairman of Roll Call Urges Contributions Be Made Before November 30.

The sum of \$45,000 is absolutely necessary for the District of Columbia Chapter, American Red Cross, to function at full strength for the coming year, and in order to realize this amount a personal appeal to the business firms of Washington as well as its citizens is to be made.

Chairman John H. Clapp of the roll call announced today there was grave danger of a deficit in the quota, probably amounting to \$25,000, unless contributions come in at a faster rate than up to date. Of the \$45,000 needed to be raised by November 30, when the roll call ends, only a little more than \$12,000 has been subscribed. At that rate only about \$20,000 will be realized at the end of the roll call, leaving the chapter \$25,000 short of the amount needed to carry it on for another year. Should this happen, not only would many of the activities of the chapter have to be curtailed, but there would be no emergency fund on hand for disaster work.

Plea to Washington Public.

It is felt by the Red Cross workers in charge of the roll call that once the citizens of Washington realize the importance of raising the rest of the \$45,000 before November 30 it will be contributed. A splendid staff of volunteer workers has been tolling night and day for the roll call, to spread its message before the people. It was also pointed out that the roll call is the only appeal made by the local Red Cross chapter for funds during the year and that most of the money raised thereby will be spent on Red Cross activities within the District.

Chairman Clapp asks any citizen who has not subscribed his Red Cross dollar for the year to do so at the earliest possible moment. Contributions of larger amounts are, of course, acceptable, but if twenty-five thousand citizens will step forward with their dollar bills the roll call will go over in great shape.

This dollar can be given in either at the Red Cross booths, in banks, stores, hotels, theaters and other public places, or may be sent either to District Chapter, 16 Jackson place northwest, or to Red Cross headquarters, 1414 F street northwest.

Volunteers to Remain on Duty.

The faithful volunteers who have manned the booths in the banks, hotels, theaters and other public places, will stay at their posts until November 30, according to present plans, unless the \$45,000 is raised before that date. As soon as the contributions reach the \$45,000 mark the roll call will stop at once.

"One hundred per cent Red Cross" was the cheering report brought in from the Naval Hospital by H. J. Davis, field director of the Red Cross, and the staff of the hospital, had displayed eagerness to answer to the roll call and were watching with great interest its progress through the city.

**DRIVE ON TO ENLIST FIREMEN IN RED CROSS**

Department Trying for 100 Per Cent Mark—301 of 688 Join.

Only seven days remain for those members of the fire department who have not yet enlisted in the Red Cross to take out memberships at one dollar a year and cognizant of this fact, engine and truck commanders are making a determined effort to reach every man in order that the work of the District Chapter may go on unhampered for another year and that added glory will come to the department. If the firemen as a body reach the 100 per cent mark it will be a record that never before has been established.

Fire Chief Watson stated today that 201 men out of 686 in the department had joined the Red Cross; that 22 companies out of 28 had reported returns, and out of these 22 companies half were 100 per cent enrolled. The balance were close to that mark.

Reports have not been requested from the companies, nor will they until the close of the drive. Chief Watson said today as it may be constructed that such action would indicate that the department would be closing up the year with a 100 per cent enrollment, and point out to them that the District Chapter is depending on their support to the last man.

The returns of 100 per cent memberships to date are: Nos. 12 and 26 engine and No. 4 truck companies, first battalion; Nos. 4, 8, 10, 15 and 18 of the third battalion; and the marshal's office, headquarters and repair shop, the latter three being counted as companies.

When Rev. A. M. **JUDGE ORDERS VERDICT IN FAVOR OF BANK**

Suit Brought Against Franklin National Bank by Trustees in Lewis Johnson Co. Bankruptcy.

A Jury in Circuit Division 2, by direction of Justice Hoehling, returned a verdict in favor of the Franklin National Bank, in a suit instituted against it by Byron E. Graham and J. Miller Kenyon, trustees in bankruptcy of Lewis Johnson & Co.

The suit was brought by the trustees in bankruptcy against the bank, claiming that the bank had secured a preference over the other creditors of Lewis Johnson & Co. in the amount of \$1200. The evidence disclosed that the bank took a note from Lewis Johnson & Co., indorsed by a third party; that when the note fell due it was not paid and the bank instituted suit against the indorser, and recovered the amount of the note from him, nothing having been paid on account of the note by Lewis Johnson & Co.

The court held that Lewis Johnson & Co. did not suffer any loss by reason of the transaction, and therefore the defendant was entitled to prevail in the action.

The trustees in bankruptcy were represented by Attorneys H. Prescott Gately and Leon Tobiner, while Attorneys Hawken & Havell appeared for the bank.
